# A Salesian Retreat for Women

WITH THE INSTITUTE OF CHRIST THE KING SOVEREIGN PRIEST

There is no clock, however good, but must be continually wound up; and moreover, during the course of each year it will need taking to pieces, to cleanse away the rust which clogs it, to straighten bent works, and renew such as are worn. Even so, any one who really cares for his heart's devotion will wind it up to God night and morning, and examine into its condition, correcting and improving it; and at least once a year he will take the works to pieces and examine them carefully;--I mean his affections and passions,--so as to repair whatever may be amiss. And just as the clockmaker applies a delicate oil to all the wheels and springs of a clock, so that it may work properly and be less liable to rust, so the devout soul, after thus taking the works of his heart to pieces, will lubricate them with the Sacraments of Confession and the Eucharist. These exercises will repair the waste caused by time, will kindle your heart, revive your good resolutions, and cause the graces of your mind to flourish anew.

## HOLY REDEEMER CENTER OAKLAND CALIFORNIA

Please take some time off your busy schedule for a moment of spiritual renewal. We are offering for the first time in America a Three days retreat preached by the Canons of the Institute of Christ the King.

These retreats "in the spirit of Saint Francis de Sales" are very popular in Europe where they have already been successfully preached for several years.

This first retreat will take place at the Holy Redeemer Center. A peaceful area 30 minutes from San Jose, San Francisco or Oakland Airport. The retreat center has 25 rooms available. Only few of them have built in bathroom.

The place is ideal for a retreat. It is a place of prayer, recollection and penance.

Spiritual Conferences, Spiritual Direction, Introduction to the Art of Meditation, Opportunity for Confessions, Daily Mass, and Adoration of the Blessed Sacrament will fill up our few days in God's company.
